

IAED 2001 Interior Design Studio III

Prerequisite: IAED 1002 Interior Design Studio II

Credit: (4 + 4) 6

A general perception will be proposed about the process and practices of residential design. In planning the structure and purposing design solutions for designing the 60-80 m² space, parallel with aesthetical, visual, cultural, structural and functional fundamentals of design, interior and exterior environmental factors will be considered.
