

## **IAED 2203 History of Interior Design II**

Prerequisite: None

Credit: (3 + 0) 3

The course focuses on interior and furniture design after the industrial revolution. At the first part of the course, a process of modernization from William Morris to Frank Lloyd Wright will be evaluated. In this section, concepts like institution of discipline in design, transformation of domestic interiors, standardization and rationalization will be studied. The second part of the course deals with design theories and practices emerged and became influential during the second half of the 20th century.
