Planned Learning Activities and Teaching Method:

Learning/Teaching Method: The expected learning outcomes for the course will be assessed through: presentations, midterm jury, pre final jury, final jury, pop-up workshops (if applicable) and class discussions and feedback.

Project Development: A series of assignments with emphasis on the main topic will be offered in this course. In the first half of the semester assignments will mainly include exercises in relation to the writing User Profile, Site visit and analysis, Concept and Scenario, Zoning and Bobble Diagram and first design proposal. In the second half of the semester these exercises will be followed by developing the actual design project. For developing the projects **minimum 80% critiques are expected**. Development of the project will be evaluated by following the project improvement during the critique sessions.

Class Participation: Regular attendance of all enrolled classes is expected. Do not be late to the class. **Attendance will be taken through your signature within the first half of the class; if you come after 09:30, you will be considered half-attended.** At the end of the Semester, your attendance will be reported on UBS system. Attendance is compulsory and in case of absenteeism of more than **20% for the practice and %30 for the theory, the system will automatically grade you "FX"**. If you miss a class, it is your responsibility to 'make up' all work, including items discussed in class. Class contribution will be measured in terms of **quality not quantity**. Therefore, **attendance is provided by participation to the critiques in the studio. Students who do not participate to the critiques will be considered as absent even if they attend the class.**

Academic integrity & plagiarism: Academic integrity is the pursuit of scholarly activity based on the values of: honesty, trust, fairness, respect and responsibility. Practicing academic integrity means never plagiarizing or cheating, never misrepresenting yourself, never falsifying information, never deceiving or compromising the work of others. Basically, this means, either intentionally or unintentionally, using the words or ideas of someone else without giving credit, it's strictly forbidden.

There will be pop-up quizzes (unscheduled or unannounced quiz) throughout the semester. The aim is recording student's drawing and modelling skills. In case of serious differences between the quiz results and jury submissions, instructors are allowed to take an extra exam from students. Also, all visual submissions will be checked through

Google's image search engine and in case of detecting high level of similarities between student project and existing designs, the case will be investigated and handled by universities' discipline committee.

Course Text books: Students are required to study the mandatory and recommended reading text books and also do researches on the variety of architectural presentation techniques.

Key Works: In this studio course lectures and assignments mainly focuses on User Requirements, critical thinking, elements of design and the awareness of basic concepts, factors, functions, and materials in designing a space.

Specific Rules:

1. **Be punctual. Punctuality is a sign of respect toward yourself and the others.**
2. Show respect for all the people and property around you.
3. Be responsible for your actions and meet all expectations.
4. Follow directions the first time they are given.
5. Students should use the Internet at school for academic purposes only.
6. It is forbidden to record classes with any type of device.
7. Each session of the course contains drawing assignments. Students who do not upload his drawings to OneDrive file will be considered as absent.
8. Last week of the course, there won't be any critiques related to design. Poster presentations and models will be evaluated and criticised.
9. Students need to submit their portfolio in A4 or A3 size with their design posters at the end of the semester.
10. Students should submit their project report contains min 350 words for each juries.

Communication: Students are encouraged to visit the professor during their Office Hours. If you cannot make it to announced office hours, please make individual arrangements via e-mail. However, do not expect the professor and the research assistant to respond at length via e-mail to questions of content, definition of terms, grading questions etc. If you have a question that requires a substantive response please set up an appointment to speak with one of us.
