

## **IAED 3002 Interior Design Studio VI**

Prerequisite: IAED 3001 Interior Design Studio V

Credit: (4+4) 6

The aim is to design a working space (100-120 m<sup>2</sup>) by integrating the users and social requirements with interior architecture basic subjects (such as acoustics, lighting and material). Design's form, scale, proportion, light, colour, texture, materials, detailing, fixtures and furniture as well as conceptual, physical and psychological aspects will be addressed.
