Instructional Methods and Techniques		Presentations; Interactive Discussions; Project Preparation by Students				
Tutorial Date and Place		Thursday: 09:00 – 11.50, A1-01Classroom				
Textbook		Development and Structure of the Turkish Economy, Yakup Kepenek, METU Press				
Other References		Türkiye İktisat Tarihi, Korkut Boratav, İmge Kitapevi Türkiye Ekonomisi, Yakup Kepenek, Remzi Kitabevi https://www.oecd.org/en/data.html https://www.hmb.gov.tr/ekonomik-gostergeler# https://evds2.tcmb.gov.tr/index.php?/evds/serieMarket https://www.sbb.gov.tr/				
Exams, Presentation, Homework & Projects		Exams There will be one midterm exam (%30), one presentation and one report of the presentation (%5+ %5= %10), and one final exam (60%). No makeup exams will be given, unless there are some valid and genuine reasons (which must be documented) to miss the midterm and the final exams.				

	<p>Presentation</p> <p>One specific presentation topic proposal should be selected as a team with two members and be posted by the end of the fourth week of the semester to the instructor for approval through e-mail indicated above.</p> <p>Presentation topics should be restricted within a time range, for example between 1980-1989; 1999-2005; 2008-2014 etc. Presentation topics are Economic growth, Gross domestic product, foreign debts, Domestic debts, Current account deficits, State budget deficits, Monetary policies, Public economic policies, Foreign Exchanges, Stock Market, Interest rates, Economic Crisis, Inflation, Unemployment, Industrial policies, Liberal policies, Foreign Capital Inflows, Service Sector, Manufacturing Sector, Agricultural Sector, Foreign direct investments, Globalization.</p> <p>Students are required to study macroeconomic data and use those data for presentations. Students are advised to use the data sources for presentations. https://www.oecd.org/en/data.html https://www.hmb.gov.tr/ekonomik-gostergeler# https://evds2.tcmb.gov.tr/index.php?/evds/serieMarket https://www.sbb.gov.tr/</p> <p>The following are the timetable and the general guidelines for presentations and the executive summary reports for presentations: One specific presentation topic proposal should be selected as a team with two members and be posted to the instructor. The proposal should be approved by the instructor by the end of the fourth week of the semester. Presentations will start after the mid-term exam. Time schedule will be announced before presentations. Each student with his/her team members will separately present his/her part of the presentation during lecture hours. Each student should send both presentation (in pdf file format) of his/her part of the presentation and one page-executive summary report (in pdf file format) of his/her part of the presentation to the instructor's e mail indicated above within one day after the presentation is held on. Without presentation, the instructor will not accept his/her part of the presentation and one page-executive summary report and will not grade his/her part of the presentation and the report of the presentation.</p> <p>Timetable of preparation for presentation process:</p> <ul style="list-style-type: none"> • Each student will decide on a specific topic which is related to the main topic proposed as a team and will send the proposal to the instructor. • The topic proposal should be approved by the instructor by the end of the fourth week of the semester. • Time schedule of presentations will be announced. Presentations will start after the mid-term exam. • PowerPoint or similar software programs are needed for presentations. Bringing all equipment, including computers, for presentation is the responsibility of students. • During lecture time, each student of a team will present his/her part of the presentation proposed by the team. • After the presentation is held on, students should separately send both his/her part of the presentation and one page-executive summary report of his/her part of the presentation to the instructor's e-mail indicated above within one day after the presentation. • Without a presentation, the instructor will not accept and grade summary report of the presentation. <p>The Department of Economics does not tolerate any act of academic dishonesty. Examinations are individual and must be completed without any outside assistance. Students who attempt to cheat during exams will receive a failing grade from that exam. The case could also be carried to the Dean's Office for additional disciplinary action.</p>
