IAED 3301	HUMAN FACTORS IN INTERIOR SPACE	2024-2025 / FALL	2	0	2	2
Level of Course:	Undergraduate					
Course Type:	Core Course					
Language of	-					
Instruction: Course time:	Friday 09:30-11:20					
Mode of Delivery:	Class Teaching, Presentation, Ass	signments				
Prerequisites and Co-requisites:						
Course Coordinator:	Asst. Prof. Dr. Yaren ŞEKERCİ					
Course Teaching Assistant:						
Course Objectives:	This course will use a case study approach to human factors problem analysis in domains of interior space. The course mainly focuses on the interactions between human and design and, the environment that surrounds people.					
Course Description:	This course refers to systems thinking, biophilia, social interactions, cognition and perception, inclusivity, diverse populations, and contextualizing human experience and behavior in environments.					
	This could include natural, built, virtual, and/or technological environments. Technological environments could include smart homes and interior environments; awareness of and response to technology; and the way in which users interface with various platforms. Human experience could include wellbeing, behavior, and performance. Wellbeing could include physical and emotional wellbeing and physical and psychological security.					
	Examples could include both qualitative studies, surveys, observations, peer-re		•	edent studies	s, case	
	Universal design refers broadly to "the design of products and environments to be useable by all people to the greatest extent possible, without the need for adaptation or specialized design." Quote attributed to Ron Mace, excerpted from North Carolina State University Center for Universal Design website. Inclusive design refers broadly to current social-political issues related to inclusion and considers the full range of human diversity with respect to ability, language, culture, gender, age, and other forms of human difference. Design for inclusion includes a range of solutions in the built environment versus one design solution that

Human Dimension and Interior Space: A Source Book of Design Reference Standards By Julius Panero, Martin Zelnik 1. Human Factors in the Built Environment by Linda L. Nussbaumer 2. Comfort and Design: Principles and Good Practice edited by Peter Vink		
<ul> <li>Learning/Teaching Method: The expected learning outcomes for the course will be assessed through: Individual/Group Presentations, a Midterm Project, a Final Project, Class discussions and feedbacks.</li> <li>Assignments: Students are required to do surveys, presentations, and carry-on a research project throughout the semester.</li> <li>Class Participation: Regular attendance of all enrolled classes is expected. Do not be late for the class. Attendance will be taken through your signature within the first quarter of the class; if</li> </ul>		

you come later you will be considered half-attended. At the end of the Semester, your attendance will be reported on the UBS. Attendance is compulsory and in case of absenteeism of more than **20% for the practice and %30 for the theory**, the system will automatically grade you "FX". If you miss a class, it is your responsibility to 'make up' all work, including items discussed in class. The class contribution will be measured in terms of quality, not quantity. If you need to leave early, you should notify your professor at the commencement of the session. **Academic integrity & plagiarism:** Academic integrity is the pursuit of scholarly activity based on the values of honesty, trust, fairness, respect and responsibility. Practicing academic integrity means never <u>plagiarizing</u> or cheating, never misrepresenting yourself, never falsifying information, never deceiving or compromising the work of others. Basically, this means, either <u>intentionally</u> or <u>unintentionally</u>, using the words or ideas of someone else without giving credit, it's strictly forbidden.

**Course Text books:** There is no specific textbook for this course but topics will mainly follow the chapters in the book 'Human Dimension and Interior Space: A Source Book of Design Reference Standards'.

**Key Works**: In this studio course lectures and assignments mainly focuses on Human Factors and Universal Design.

#### Specific Rules:

- 1. Be punctual. Punctuality is a sign of respect toward yourself and the others.
- 2. Show respect for all the people and property around you.
- 3. Be responsible for your actions and meet all expectations.
- 4. Follow directions the first time they are given.
- 5. Students should raise their hand to signal a question or to answer a question.
- 6. Students should use the Internet at school for academic purposes only.
- 7. It is forbidden to record classes with any type of device.

**Communication**: If you have any question about the syllabus, your responsibilities in the course and assessment procedures please ask your instructor without any delay. Students are encouraged to visit the professor during their Office Hours. If you cannot make it to announced office hours, please make individual arrangements via e-mail. However, do not expect the professor to respond at length via e-mail to questions of content, definition of terms, grading questions etc. If you have a question that requires a substantive response, please set up an appointment to speak with your instructor.

Course Contents*:	Date	Week	Chapter Topic	Take-home exercise	
(Weekly Lecture Plan)	27.09.24	1	Syllabus overview, introduction to the course Introduction to Human Factors	N/A	
	04.10.24	2	Environmental Psychology Theories	N/A	
	11.10.24	3	Place, Sense of Place, Place Identity, and Place Attachment	N/A	
	18.10.24	4	Spatial Behavior: Crowding, Privacy, Personal Space, and Territoriality Behavioral Mapping and Tracking	Ass. 1: Creating a behavioural mapping according to the users in the design project	
	25.10.24	5	Std. Presentation & Critiques	N/A	
	01.11.24	6	Physical Factors Detailed review for human dimensions and anthropometrics- anthropometric data	<b>Ass 2:</b> Take the anthropometric dimensions of your friend.	
	08.11.24	7	Detailed review for human dimensions and anthropometrics- anthropometric data	Preparing for Midterm Submission	
		8	Midterm Submission		
	22.11.24	9	Principles of Universal Design National and International Universal Standards and Codes Universal Toilet Design In-class exercise: Creating a public toilet design (plan, 3d)	Finalizing the design	
	29.11.24	10	Std. Presentation & Critiques	N/A	
	6.12.24	11	Accessibility in Built Environment	N/A	
	13.12.24	12	In class exercise on Accessibility: Experiencing Rehabilitation Center as visually and physically impaired person	N/A	
	20.12.24	13	Workshop: Al-Based Non- Ergonomic Space Visualization	Finalizing the poster	
	27.10.24	14	Exhibition of the Posters	N/A	
	3.01.25	15	Wayfinding Techniques Workshop: (working as a group)	Ass 3: Preparing a presentation	

Analysis of Campus Wayfinding and Recommendations for Improvement

### FINAL SUBMISSION

\* PLEASE NOTE: Details of the syllabus and course schedule are subject to minor changes that will be announced in class. **Grading**: Midterm and final exam responses will be evaluated for accuracy, thoughtfulness and clarity. Assignments will be evaluated for content, quality of ideas and clarity of presentation (including both writing and graphics).

Assessment Methods and Criteria :	METHODS	EFFECTS ON GRADING		
	Assignments & In-class work	20%		
	Midterm Submission	30%		
	Final Submission	50%		
ECTS Workload Table :	ACTIVITIES	NUMBER	HOUR	WORKLOAD
	Course Hours	14	2	28
	Weekly homework	4	4	16
	Midterm Submission Preparation	1	2	2
	Midterm Submission	1	1	1
	Final Submission Preparation	1	2	2
	Final Submission	1	1	1
	Total Workload	0	0	51
	Total workload/25			51/25

### **GRADING AND EVALUATION**

The students' progress will be evaluated throughout the semester.

Grade Scale:

GRADE	MARKS	VALUE	
A+	-		
А	95-100	4.00	
A-	85-94	3.70	
B+	80-84	3.30	
В	75-79	3.00	
B-	65-74	2.70	

GRADE	MARKS	VALUE
C+	60-64	2.40
С	55-59	2.20
C-	50-54	1.70
D+	45-49	1.30
D	40-44	1.00
F	0-39	0.00
