Course Objectives: This course aims to understand aspects of Interior Architecture in relation with: function and use, context and environment, ergonomics and human/built scale, material and technique, permanence and/or ephemeral. Special consideration will be given to converting and industrial buildings to new functions. Proposing a mezzanine floor structure is defined as the initial requirement of this code. The application of forms, lighting, colors, materials, textures and construction systems are further elaborated in detail. Model making and sketches are an essential part of presentation and progress of the projects.

Course Description: It is aimed for students to design spaces for accommodation (hotels, motels etc.). Students are expected to present their design proposal at the level of a professional project.

Learning Outcomes:

Upon successful completion of the course, students will be able to:

- Students will be able to apply a complex conceptual design idea to a project.
- Students will be able to create designs by using the proper furnishings, equipment and finishing.
- Students will be able to give the right decisions for structural systems and environmental controls.
- Students will be able to lead the interior design process and analyzing the prime cost.
- Students will be able to develop a project consistent with the professional quality with minimum critique.

The studio classes and discussions will be in English. Developing your verbal language skills will be very important in acquiring the disciplinary terminology as well as daily communication at the class.

For the Terminology:

Planned Learning Activities and Teaching Method: **Learning/Teaching Method:** This is a studio course and students learn about design process by getting directly involved in the process and individually. Students development will be discussed in juries by course instructors every 4 weeks.

Project Development: Students are expected to attend sketch exams every 2 weeks and work on their project in the studio during the assigned course hours. For developing the projects **minimum 80% studio engagement is expected.**

Class Participation: Regular attendance of all enrolled classes is expected. Do not be late to the class. At the end of the Semester, your attendance will be reported on UBS system. Attendance is compulsory and in case of absenteeism of **more than 20% for the practice and %30 for the theory, the system will automatically grade you "FX"**. If you miss a class, it is your responsibility to 'make up' all work, including items discussed in class. Class contribution will be measured in terms of quality not quantity.

*** Note: After 15 minutes, you will be written as an absent for the first signature. The same procedure is valid after the class break.**

Academic integrity & plagiarism: Academic integrity is the pursuit of scholarly activity based on the values of: honesty, trust, fairness, respect and responsibility. Practicing academic integrity means never plagiarizing or cheating, never misrepresenting yourself, never falsifying information, never deceiving or compromising the work of others. Basically this means, either intentionally or unintentionally, using the words or ideas and drawings and models of someone else.

Course Text books: Students are required to study recommended reading text books and also do researches on the variety of architectural presentation techniques.

Key Works: In this studio course lectures and assignments mainly focuses on User Requirements, critical thinking, elements of hotel design and tourism oriented interior design, human factors, functional solutions and application of appropriate materials and finishing.

Specific Rules:

1. Be punctual. Punctuality is a sign of respect toward yourself and the others.
2. Show respect for all the people and property around you.
3. Be responsible for your actions and meet all expectations.
4. Follow directions the first time they are given.
5. Students should use the Internet at school for academic purposes only.
6. It is forbidden to record classes with any type of device.
7. **Bringing necessary materials and equipment (architectural bag and T square and sketch papers etc.) to work in the classroom is obligatory.**

DEPARTMENT OF INTERIOR ARCHITECTURE AND ENVIRONMENTAL DESIGN

8. In case of presenting a design development that is not followed by instructors during the course critiques, students will be asked to join a sketch exam at the end of the semester.

Communication: Students are encouraged to visit the professor during their Online Office Hours. If you cannot make it to announced office hours, please make individual arrangements via e-mail. However, do not expect the professor and the research assistant to respond at length via e-mail to questions of content, definition of terms, grading questions etc. If you have a question that requires a substantive response please set up an appointment to speak with one of us.
